

Government Degree College, Kanda, Bageshwar, Uttarakhand

Policy Document of the Institution

Government Degree College, Kanda is committed to adopt eco-friendly measures to save and promote our nature and natural resources by developing and implementing effective practices and procedures. The college is dedicated to taking the following actions to achieve our vision:

- Practices of energy conservation.
- Reduce the amount of waste and careful disposal of produced waste.
- Habits of water conservation.
- Increase our green knowledge and eco-friendly practices.

Measures for Energy Conservation

- All should ensure optimum utilization of lights, fans and other electronic devices, turning them off when not in use.
- Utilization of solar panels and solar lights should be promoted.

Measures for Waste Management

- Use of dust bins for waste disposal, made available at different locations in the college premises.
- Separate disposal of dry and wet waste.
- Establishment of a vermin-composting unit in the college premises.
- Biodegradable waste should be used in vermin-composting pit.

Dr. Vijay Arya
IQAC Coordinator

Principal
Government Degree College
Kanda (Bageshwar)

Measures for Water Conservation

- All should use water cautiously.
- Suitable measures should be taken to prevent wastage of water.
- Waste water should be utilized in the college greenery.

Measures for Green Campus Initiatives

- Plantation of more vegetation within and outside college premises to clean the atmosphere and keep it green.
- Complete ban on single use plastics in the college premises.
- Establishment of a Herbal Garden in the college premises.
